Conservation & Public Lands Inventory,  
Town of Hampton, NH

This map was created by Kane & Ingraham as part of a Conservation and Public Lands Inventory for the Town of Hampton, NH in 2009. Parcel numbers that appear on the map correspond to the parcel numbers in the accompanying report and attached Conservation Lands Database. The parcels mapped as "Newly Mapped Conservation and Public Lands" are mapped for the purposes of the Town of Hampton only, and are not intended to be used for other planning or conservation purposes. Boundaries for these "new" conservation parcels are based on the location of the tax parcel lines provided by the Town of Hampton tax parcel dataset.

This Conservation & Public Lands Inventory was funded by a grant from the Piscataqua Region Estuaries Partnership, as authorized by the U.S. Environmental Protection Agency's National Estuary Program.

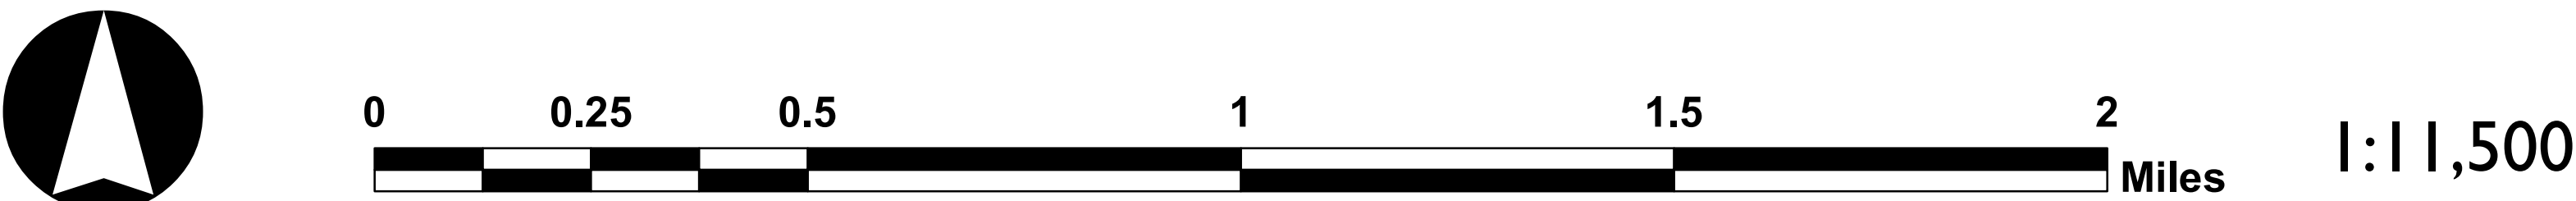

Legend

- Newly Mapped Conservation & Public Lands
- Previously Mapped Conservation and Public Lands
- Hampton Tax Parcels
- Surface Waters
- Streams
- Roads
  - Local Roads
  - Highways
  - Railroads

Map Note: Areas that appear as olive-brown are areas where both previously and newly-mapped areas overlap. Parcels are labelled by map and lot number. Certain new conservation parcels are shown as entire parcels without specific boundaries displayed pending further research.
